"We would like to inform our supporters that there is an entity using the candidate's name illegally on a website that was not authorized by this campaign nor any of the members of the Committee to Elect Charlotte Bergman for Congress, as well as they are soliciting funds illegally and falsely under the pretence of working for this campaign. Charlotte Bergmann's correct and authorized by this campaign web site is: <http://CharlotteBergmann.com>

Even after our repeated request to this entity to cease that illegal web site, they continue to operate that web site in question unauthorized and illegally.

Regrettably, we had to turn over this information to the Authorities who are investigating this fraud.
